MANAGEMENT CORP**

6301 Ivy Lane • Suite 601 • Greenbelt, MD 20770-6310 • 301-916-4540 • Fax 240-331-3091

**Position: Program Protection, Cyber Security and Information Assurance (IA) Engineer**

International Systems Management Corp. (ISM) is seeking qualified candidates for **Program Protection, Cyber Security and Information Assurance (IA) Engineer** support to the US Navy. The selected individual will provide subject matter expertise in the areas of system Cybersecurity hardware and software improvements and system Information Assurance (IA) certification and accreditation in accordance with the Risk Management Framework (RMF) for DoD Information Technology (IT) and the DoD Information Assurance Certification and Accreditation Process (DIACAP). Applicant must have a Bachelor Degree in an Engineering, Math or Science Discipline; three (3) to five (5) years of professional experience in engineering projects; proficiency with Microsoft Office Products; strong communication skills (oral and written); and ability to work independently.

Required experience includes:

- Familiarity with the Risk Management Framework (RMF) for DoD Information Technology (IT) and the DoD Information Assurance Certification and Accreditation Process (DIACAP).

Desired experience includes:

- Defining system requirements, developing Plans of Action and Milestones, and developing and managing technical databases.
- Assessing proposed system improvements, design changes, and total ownership cost reduction initiatives for impacts to system cybersecurity and information assurance accreditation and certification processes.
- Developing recommendations for proposed system improvements, design changes, and total ownership cost reduction initiatives to address existing system cybersecurity concerns.
- Coordinating and supporting technical reviews of security certification and accreditation documentation, procedures, change proposals, processes and security directives.
- Participating in Security interchanges with Department of Defense (DoD), National Security Agency (NSA), Defense Security Service (DSS) and other agencies.

The position will be located in Washington, DC and require travel less than 10% of the time. Applicant must be a U.S. Citizen and be able to obtain and maintain a DoD Security Clearance.

ISM is a growing small business providing exceptional technical and program management services to the Department of Defense (DoD). ISM employees are experienced professionals that work well independently, or as part of a large government-industry team.

ISM offers competitive salaries and a comprehensive benefits package. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin. Interested individuals should email resumes to [resumes@ism-hq.com](mailto:resumes@ism-hq.com) or fax to 240-331-3091. Visit us at [www.ism-hq.com](http://www.ism-hq.com).
