**Position: Mid-Level SEA 05 Warfare Systems Certification Systems Analyst**

International Systems Management Corp. (ISM) is seeking a qualified mid-level technical staff to provide Warfare Systems Certification support for NAVSEA SEA 05 (Naval Systems Engineering) in the Washington, D.C. area. The successful candidate will provide technical and analytical support within multiple disciplines including system infrastructure operations of administration, analysis, engineering, and design for U.S. Navy surface ships.

Desired knowledge and experience for applicants includes:

- Understanding of Warfare Systems Certification (WSCERT), Warfare Systems Installation Authorizations (WSIA) and Warfare Systems Certification Decision (WSCD) policies and events
- Experience with maintaining Master Events Schedules
- Familiarity with the Naval Warfare Systems Certification Policy (NAVSEATINST 9410.2A) and the Warfare Systems Certification Standard Operating Policy (SOP) Revision "B"

The applicant must have the following minimum experience or qualifications:

- Bachelor's degree in an Engineering, Math or Science Discipline
- 5 plus years of professional experience supporting the Department of Defense
- Developing and providing technical inputs to Warfare Systems Baseline configuration issues, TCD Waiver Requests, and Ship Change Documents (SCD), as required.
- Development of Panel Briefings, Naval Messages and Executive Summary Briefings
- Experience with Navy ship and Strike Group Combat and Warfare Systems
- Proficient with Microsoft Office Products including Microsoft Excel, Word, PowerPoint and Outlook
- Possess strong communication skills (oral and written), organizational skills, and ability to work in teams and independently

The ideal candidate is dynamic and proactive in meeting customer needs and has the ability to prioritize tasks and coordinate activities across numerous organizations. The position will be located in Washington, DC and will require travel approximately 10% of the time. Applicant must be a U.S. Citizen and be able to obtain and maintain a DoD Security Clearance.

ISM is a growing small business providing exceptional technical and program management services to the Department of Defense (DoD). ISM employees are experienced professionals that work well independently, or as part of a large government-industry team. The staff interacts at all levels of DoD and Industry and has a proven track record in achieving positive engineering and program management results.

ISM offers competitive salaries and a very comprehensive benefits package. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin. Interested individuals should email resumes to [resumes@ism-hq.com](mailto:resumes@ism-hq.com) or fax 240-331-3091.
